Dear Paul,

This email is confirmation that your flightplan has been successfully filed. A copy of the flightplan message, which has been sent to all recipients, is below for your reference.

Flightplans are like emails. Although we can guarantee that your flightplan has been sent to all addresses below, we cannot guarantee that the recipients will properly retain your flightplan. We therefore always advise telephoning the tower at your departure aerodrome to ensure they still have a copy of your flightplan ready before you begin your journey to the aerodrome.
